**Subject:** RE: No Parking on Bryn Mawr Drive

Dear Mrs. Ledat,

Thank you for the information regarding the traffic study related to the subject intersection. I am no traffic engineer, but I have resided at 4000 Bryn Mawr since 1975 to date, and have observed traffic problems during that time span. Some observations:

1. A traffic study conducted in October (during the school year) probably is insufficient. High speed traffic westbound on Bryn Mawr occurs during summer vacation months (almost exclusively by teens). This presents a great hazard to pedestrians crossing at the intersection of Pickwick and Bryn Mawr, in my opinion. I would strongly suggest a supplemental study in June or July. Stop signs at this location would substantially reduce this hazard.
2. I would suggest speed limit signs along Bryn Mawr from the intersection of Preston Road to the intersection of Bryn Mawr and Pickwick. This might help alleviate existing high speed traffic (exceeding the speed limit).
3. As to designating a no parking zone for 90 feet from the intersection of Pickwick and Bryn Mawr (north side of the street): This will make it almost impossible to make deliveries to my home (FedEx, UPS, Neimans, etc.). To the west of my home, two homes have front circular drives. Delivery men cannot park there either, as they would block the exit of autos from those circular drives. Could the No Parking signs contain an exception "except for deliveries"?

At any rate, I certainly wouldn't want to object to anything that would make our streets safer. Thanks to the Council for consideration of this matter, but I would much prefer stop signs.

Best,  
BGC

Good afternoon, Mr. Carter. Thank you for returning my call; it was a pleasure speaking with you.

As we discussed, you can provide your thoughts on the recommendation to restrict parking on the north side of Bryn Mawr via email, and I will be happy to provide your feedback to the City Council on Tuesday, November 20<sup>th</sup>. We're sorry you cannot attend the meeting, but we wish you a happy birthday and lots of fun with your friends that evening.

Please feel free to call or email if you have any questions.

Thank you, Sir.

**Jodie Ledat, CPWP-M**
