Hi Jessica, I can support this variance, as it's on a side street and doesn't appear to be in the sight triangles.

Thank you,

Subject: BOA

Gentlemen,

The house for the new SMU president is under construction and during plan review we had them decrease the size of the drive approach off of Dublin since our code says a max of 15'. They would like to go to the Board of Adjustment for a variance to make that approach bigger. Attached is the proposed sign plan. Just wanted to get y'all's opinion on it before the meeting!

Thanks!
