**Zoning Change and Amendment Process**

A request for a zoning change follows a two-step process designed to provide opportunities for citizen involvement and comment. The first step following the submission of an application for a zoning change is to schedule a public hearing before the Planning and Zoning Commission. Landowners within two hundred (200) feet of the subject site are notified of the Planning and Zoning Commission public hearing. They are provided this response sheet and are invited to attend the public hearing to express their support or opposition to the request. Second, the request is forwarded to the City Council for final action following a recommendation from the Planning and Zoning Commission. If the owner(s) of more than twenty percent of the land area within two hundred feet of the site submit(s) written opposition, then a three-fourths vote of all the eligible members of the City Council is required to approve the zoning change. These forms are used to calculate the percentage of the property in opposition.

**NOTE: Site plans or zoning details proposed by the applicant, may change before or during a public hearing and after this notice. However, these changes must be minor and more restrictive. If they are not minor and more restrictive, another notice must be made.**

Jessica Rees, City Planner

Robbie Corder, City Manager

Planning and Zoning Commission of the City of University Park University

Dear Members of the Planning and Zoning Commission

In response to the request of the Park Cities YMCA to amend the Planned Development – 12 (PD-12), I am **opposed**. I live at 4006 Shenandoah and own the property at 4014 Shenandoah. During the time of the proposal for new, larger Y building there were many discussions and meetings to come to an agreement that would lessen the impact of this Y in the middle of a residential neighborhood. Many compromises were made by the neighbors. The neighbors asked for Sunday as one day of respite from the traffic and activity that surrounds the Y. As a compromise to closing on Sundays, the existing provision in PD-12 was made for the Y to be open to indoor activity only on Sundays from 2:00 until 5:00 pm.

*[P. Hours of Operation:*

*(1) Maximum hours of operation of the Facility shall be as follows:*

*Monday through Friday 5:30 a.m. to 9:00 p.m.*

*Saturday 7:00 a.m. to 6:00 p.m.*

*Sunday 2:00 p.m. to 5:00 p.m.*

*(2) No games or practices officially organized by the management of the YMCA shall be held on the outdoor field outside normal hours of operation or on Sundays. Organized special events on the outdoor playground or playfield, including those which use the Facility, occurring before or after normal hours of operation or on Sundays, sponsored by the YMCA, will require prior approval by the City Council.]*

To increase these hours would only increase the impact of activity on the neighbors and go against all that was so carefully worked out before. This is an encroachment on these provisions. There has already been a pattern encroachment on the provisions of PD-12 such as games, carnivals and outside practices scheduled on Sundays at various times, gate that was to be padlocked left open etc. There is no set way to monitor these provisions, but slowly the agreement is not being followed. I ask the City to not grant this change to PD-12 and protect the residents of the neighborhood.

Respectfully,

## Mary Oates

Jessica,

My wife and I are the property owners of 4103 Shenandoah Avenue, Dallas, TX 75205-2021. We have been happy homestead property owners in the City of University Park for more than 50 years.

We are OPPOSED to the YMCA request to expand their hours of operations.

The reasons for this opposition are as follows:

1. This additional operational time would increase the traffic flow up and down Preston Road.
2. When initially proposed, the majority of the closest residents were opposed to the new YMCA building, especially with the addition of the Rise School and increased traffic impact. Unfortunately, City of University Park politics and monetary contributions prevailed over the closest residents opposition.
3. The flow of traffic on Preston Road should be changed for the circular drive into and out the YMCA and Rise School. Entry into this circular drive should only be allowed for cars going north on Preston Road and the exit out of this circular drive should only allow for a right turn to go north on Preston Road.
4. Cars presently utilizing the circular drive have consistently crossed over from the west side to the east side of Preston to make these turns, both in and out. This additional traffic twice a day during

school sessions utilizing the present entry and exit have complicated exiting the alley going east between Normandy and Shenandoah for those residents having garage access via this alley. It is surprisingly that more accidents haven't occurred. Your attention to this risky issue is warranted and is requested.

Respectfully Submitted,

John Perkins

Comments:

Underground parking at YMCA has been good for the neighborhood. Reason I am opposed is that, as I understand it, PD-12 is not being followed on Sundays as Y has many planned activities on the field.
