#### Detailed Infrastructure Breakdown (At Sheltering Facility)

Infrastructure Charges (At Sheltering Facility) • Enclose open space for housing animals: \$6,500 • Cat Condos (2): \$6,000 • Additional Dog Kennels: \$4,500 • Total cost estimate \$17,000 (due at signing inclusive 1-year contract)

- Space Size: 14x40x8
- Erect 8 foot insulated walls and ceiling to hold additional kennel space and give us the ability to more effectively cool and heat the space.
- Stain and seal the concrete floor of the enclosed area to increase the functionality of the area.
- Construct additional animal enclosures to increase the capacity of the facility.
- Add additional lights, exhaust fans and AC and Heating units.
- Install a 6 ft wide shop door to allow the removal and easy cleaning of the moveable kennel systems.
- Install a 36 in wide door for staff access.
- Purchase and install two Mason Company cat enclosure to expand our healthy cat environment.

This gives additional information for the infrastructure we spoke about. I will be dropping off the brochures we have gathered from the Mason Company detailing their cat enclosures. If you have any question or need additional information please feel free to call me at 972-837-6142

Sincerely,

Bob Matthews
