

**Petition to: Revoke the Ordinance Changing the 3400 Block of Rosedale Street from One-Way to Two-Way Traffic**

To: Honorable University Park City Council Members  
 Thomas Stewart, Mark Aldredge, Bob Myers, Phillip Philbin, Melissa Rieman

**Subject:** Request to Revisit and Revoke the Ordinance Changing the 3400 Block of Rosedale Street from One-Way to Two-Way Traffic

We, the undersigned residents and stakeholders of the 3400 block of Rosedale Street, respectfully petition the University Park City Council to revisit and revoke the recent ordinance that changes our street from one-way traffic to two-way traffic.

The decision to make this significant change was made without adequate notice to the residents and without any public forum or opportunity for community input. We believe this lack of transparency has resulted in a decision that is not in the best interests of those who live in, commute through, and care about the safety and character of our neighborhood.

The overwhelming majority of residents on the 3400 block of Rosedale are strongly opposed to this change for the following reasons:

**1. Safety Concerns:**

The street has historically been one-way due to its narrow width, dense parking, and the proximity of residential homes. Converting it to two-way traffic raises concerns about increased traffic accidents, pedestrian safety, and congestion.

**2. Lack of Community Consultation:**

Residents were not informed or consulted about this decision, despite being directly impacted by it. We feel that our voices were not heard, and this has created frustration and distrust within our community.

**3. Disruption of Traffic Flow:**

Many residents have adjusted to the current one-way traffic pattern, and the sudden shift to two-way traffic creates confusion, potential gridlock, and additional traffic in an area that is already busy during peak hours.

**4. Quality of Life Impact:**

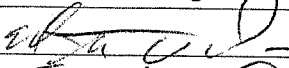

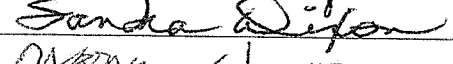

The change in traffic flow will likely lead to increased noise, pollution, and inconvenience for residents who rely on the current one-way configuration to safely enter and exit their homes.

In accordance with Section 551.007 of the Texas Open Meetings Act, we respectfully urge the City Council to take immediate action by placing an item on the agenda for the next City Council meeting to suspend the implementation of the two-way traffic change ordinance. This suspension will enable a full and transparent public process, allowing residents the opportunity to voice their concerns. Our neighborhood deserves proper consultation and the chance to be heard in an open forum.

Thank you for your attention to this matter. We trust that the City Council will prioritize the concerns and safety of its residents.

Sincerely,

The Residents & Property Owners of the 3400 Block of Rosedale Street
