**Item Type:**  
Consent Agenda

**Subject:** Consider a resolution suspending the Oncor rate filing for August 2025

**Prepared By:** Keegan Littrell, P.E., Director of Public Works

---

### **Background:**

Oncor Electric Delivery Company (Oncor) filed an application on or about June 26, 2025 with cities retaining original jurisdiction seeking to increase system-wide transmission and distribution rates by about \$834 million or approximately 13% over present revenues. The Company asks the City to approve a 12.3% increase in residential rates and a 51.0% increase in street lighting rates. If approved, an average residential customer would see a bill increase of about \$7.90 per month.

The law provides that a rate request made by an electric utility cannot become effective until at least 35 days following the filing of the application to change rates. The law permits the City to suspend the rate change for 90 days after the date the rate change would otherwise be effective. If the City fails to take some action regarding the filing before the effective date, Oncor's rate request is deemed administratively approved.

The attached resolution suspends the July 31, 2025 effective date of the Company's rate increase for the maximum period permitted by law to allow the City, working in conjunction with the Steering Committee of Cities Served by Oncor, to evaluate the filing, determine whether the filing complies with law, and if lawful, to determine what further strategy, including settlement, to pursue.
