

UNIVERSITY PARK CITY COUNCIL AGENDA MEMO

Meeting Date:
12/16/2025

Item Type:
Work Session

Subject: Consider 15-Minute parking spaces along Lovers Lane/Miracle Mile

Prepared By: Katie Barron, PE, ENV-SP, Director of Engineering

Background:

As work continues through the Miracle Mile project on Lovers Lane, Staff has identified multiple locations throughout the corridor that currently have short-term parking restrictions, varying from 15-minute to 30-minute parking. Some of these restrictions will no longer be valid once the project is complete, due to either the reduction of spaces in that block, or current locations that have shifted based on the location of accessible parking spaces. Staff has evaluated options on locations and number of 15-minute parking spaces recommended per block.

Staff has prepared an exhibit showcasing the recommended areas for 15-Minute Parking spaces once that portion of the project area is complete, and will brief Council on these locations and seek guidance on a recommendation for revised ordinances to address the short-term parking needs of the area.

Fiscal Impact:

- ☒ Not Applicable
- ☐ Budget Amendment Required
- ☐ Proposed Revenue
- ☐ Proposed Expenditure
- Funding Source:

Master Plan Goal:

Please check the associated Theme and provide the corresponding action item number.

	Theme	Action Item(s)
