

AGENDA MEMO

8/15/2017 Agenda

TO: Honorable Mayor and City Council

FROM: Jacob Speer, Director of Public Works

SUBJECT: Consider approval of the renewal of the Master Road and Bridge Agreement with Dallas County

BACKGROUND:

On January 19, 2016, City Council approved an Interlocal Agreement with Dallas County for road and bridge maintenance projects. The Agreement is current through December 31, 2017.

At this time, staff is proposing to enter into the new Master Agreement with Dallas County to simplify and streamline future projects where collaboration between the City and County is desirable. The new Agreement expires December 30, 2022.

The Master Road and Bridge Agreement is broad and general in nature. Once a specific project is identified under the agreement, a project-specific inter-local agreement is created to address the specific aspects and responsibilities of each jurisdiction.

Staff has met with representatives of Dallas County to discuss the agreement and the overall process of participating in projects with the County. The City Attorney has reviewed and approved the agreement.

RECOMMENDATION:

Staff recommends approval of the Master Agreement for Transportation Maintenance Projects with Dallas County.
