Hillcrest Property

Suzanne Olds and Gerda Olds are approving the request for the re-zoning of the Lumen Hotel.
Gerda Olds

Subject: Simple email response needed (Lumen Hotel)

TO: Hillcrest lots owners

I need just an email response from each of you stating that you approve the Hotel Lumen's request for a change of zoning for the Hillcrest lots.

You are all aware that the requested zoning change would--primarily--allow the hotel to build an enclosure around a roof garden area that is already used. Each of you (and also Nancy Rutledge, who doesn't use email) have been provided with materials pertaining to this, and have agreed to the change. Subsequently, representing all of us, I signed the zoning change application form submitted to the City of University Park by the Lumen. The city has just now requested, in addition, a response from each of you individually.

It will be quite sufficient if you simply answer this email saying that you approve the Hotel Lumen's request for re-zoning.

Regards,

Vic
