

**AGENDA MEMO**  
6/18/2019 Agenda

**TO:** Honorable Mayor and City Council

**FROM:** Robert Corder, City Manager

**SUBJECT:** Consider authorizing the City Manager to execute a contract for professional services related to securing a real estate appraisal for property considered for public parking at Snider Plaza.

---

**BACKGROUND:**

The process for acquisition of real property requires establishment of the property's value through a professional real estate appraisal. Appropriate actions will be initiated should the City Council authorize the City Manager to identify a professional qualified to perform such services, negotiate a fair price and execute a contract for those services.

**RECOMMENDATION:**

Staff recommends that the City Council authorize the City Manager to execute a contract for professional services related to securing a real estate appraisal for property considered for public parking at Snider Plaza.
