

AGENDA MEMO
6/18/2019 Agenda

TO: Honorable Mayor and City Council

FROM: Robert Corder, City Manager

SUBJECT: Consider a Resolution to acquire property for public parking to reduce congestion in Snider Plaza. The property is located at 3420 Rankin.

BACKGROUND:

The traffic congestion in Snider Plaza creates a hazardous situation for patrons of the plaza and residents of the community. This was recognized in the 2008 Carl Walker study of the area. That study identified and recommended establishing off-street public parking to reduce on-street traffic congestion.

Creation of off-street parking requires acquisition of property for such facility. A parcel of property has been identified at 3420 Rankin to serve this purpose.

RECOMMENDATION:

Staff recommends that the City Council adopt a Resolution to acquire property for public parking to reduce congestion in Snider Plaza. The property is located at 3420 Rankin.
