

AGENDA MEMO
9/1/2020 Agenda

TO: Honorable Mayor and City Council

FROM: Amanda Hartwick, Special Projects Coordinator

SUBJECT: Continue discussion of next steps for Snider Plaza.

BACKGROUND:

In June, City Council approved a concept plan for Snider Plaza. The approved plan is the culmination of prior studies and followed months of consultation. In addition to addressing parking, infrastructure and landscaping needs, the plan illustrates other features including a family green area, sidewalk amenities, special pavers and other enhancement options.

Staff has worked with project consultants to gather estimates of probable cost related to proposed work for utilities, paving, and landscaping. During the August City Council meetings, staff shared these findings and began discussion with City Council specific to utilities and paving. At the September 1 meeting, staff will continue discussion regarding landscaping and next steps.
