

## **AGENDA MEMO**

### **5/4/2021 Agenda**

**TO:** Honorable Mayor and City Council

**FROM:** Jacob Speer, Director of Public Works

**SUBJECT:** Ordinance to designate the 3400 block of Milton as Residential Parking Only for the residents of 3420 Milton

---

#### **BACKGROUND:**

On April 6, 2021, the City Council considered a request by the residents of 3420 Milton to designate the north curb line of the 3400 block of Milton as Residential Parking Only during the reconstruction of the north / south alley between Milton and Rankin. As a reminder, 3420 Milton has rear-entry garages which will be inaccessible while the alley is under construction. At Council's direction, staff distributed petitions to residents and property owners of the 3400 block of Milton. We received 12 responses to the petition, of which eleven (11) were in favor and one (1) was opposed. In summary, 83% of respondents indicated they are in favor of temporarily designating the block as Resident Parking Only to provide parking for the residents of 3420 Milton.

The residential parking designation will be in effect at all times during the alley reconstruction which is expected to last three (3) months. Upon completion of the alley and restoration of rear-entry garage access, the Resident Parking Only designation will be repealed.

#### **RECOMMENDATION:**

Staff recommends Council approval of the ordinance designating the north curb line of the 3400 block of Milton as Residential Parking Only for residents of 3420 Milton.
